WORK EXPERIENCE

Graduate Research Assistant – Accounting Financial Data Analysis

January 2026 – June 2026

Advisor: Prof. JT Thazhathel

- Developed undergraduate curricula to teach financial analysis automation in Python.
- Created Tableau dashboards to teach data visualization and communicate analyses to nontechnical audiences.

QA Associate I

September 2023 – July 2025

Altasciences CDMO

Harleysville, PA

- Conducted cross-functional root cause investigations, implemented solutions, and wrote cGMP technical reports.
- Streamlined quality review workflows to reduce documentation bottlenecks and accelerated project delivery.
- Led continuous improvement projects focused on site-wide data integrity systems.

PROJECTS

Drexel x Deloitte Datathon | 2nd place

- Analyzed public health datasets in RStudio to investigate modifiable cancer risk factors in Philadelphia and Chicago.
- Presented a tobacco buyback proposal with an executive dashboard, long-term ROI, and healthcare cost modeling.

Automated Data Governance AI Agent | Retail. Case Study

- Designed an LLM-powered agent to extract, clean, and centralize siloed data into a single source of truth.
- Configured the agent to supply validated data to downstream operational AI agents.

Customer Return Behavior Predictive Model | Machine Learning

- Built a preprocessing and feature engineering pipeline for logistic regression, Random Forest, and XGBoost models.
- Tuned XGBoost to improve AUC and explained return drivers and business implications to nontechnical audiences.

E-commerce Relational Database Design | OracleSQL

- Designed a normalized retail database with referential integrity constraints and entity-relationship diagrams.
- Populated tables with mock data and tested functionality and accuracy using SQL queries.

Talent Development | Business Consulting

- Led a consulting team for a \$2B regional financial institution, coordinating project planning and deliverables.
- Synthesized internal and external research into strategic recommendations presented to executive leadership.

EDUCATION

Drexel University LeBow College of Business

Philadelphia, PA

Master of Science in Business Analytics | GPA: 4.0

December 2026

West Chester University

West Chester, PA

B.S. Biochemistry & B.S. Chemistry | magna cum laude | GPA: 3.6

May 2023

SKILLS

- Programming and Analytics: Python, R, SQL, predictive modeling, statistical analysis
- Tools and data: Tableau, advanced Excel, relational database design, data governance, LLMs
- Quality: cGMP, CAPA, root cause analysis, data validation, technical reporting
- Languages & Citizenship: Fluent in Italian and English; U.S. and E.U. citizen
